March 31, 2021

Dear Stakeholders,

On Monday, March 15, the Manitoba Government released the results of the K-12 Education Review in conjunction with the details of Bill 64, *The Education Modernization Act*.

The Board of Trustees of Southwest Horizon School Division has serious concerns about this bill and how it will impact education in Manitoba, and more specifically, in our region. We appreciate the recommendations made in the Education Review and believe some may hold merit in working to improve student outcomes. However, Bill 64, *The Education Modernization Act* ignores the recommendations and will ultimately dismantle what Southwest Horizon School Division has worked hard to create for students. The bill leads one to believe that divisions are failing their students so badly that the government must step in and take control. In fact, there is little evidence in the Review, or any other research base, to back up the drastic changes proposed in Bill 64.

Bill 64 ends the moratorium on school closures which will mean the beginning of the end for our smallest communities. With the potential for school closures comes loss of teachers and jobs in general; teaching assistants, custodians, secretaries, librarians, as well as central office jobs such as finance and payroll. Many of the schools in our division are also home to daycare centres. How will that impact our youngest citizens and their working parents?

Bill 64 removes senior leadership positions and transfers their responsibilities to government-appointed directors. But moving the decision making and assistance for schools farther away from communities is not democracy and will not work in the best interest of our children and the communities we are trying to build and sustain.

Our local Board is the best voice we have for our children and their education. We are your locally elected representatives whose job it is to make the best possible decisions for your children's education. Furthermore, we need the professional leadership and recommendations from local directors to work with our Boards and schools. Why? Because we believe education is best left to educators - not politicians.

We invite you to join the discussion on Bill 64 and the K-12 Education Review at a Virtual Town Hall, Wednesday, April 7 at 7:00 p.m. at <https://shmb.zoom.us/j/99620848612>

Help us amplify our voice and let our government know that we need to be heard.

Sincerely,

A handwritten signature in black ink that reads "Cheryl Rushing".

Cheryl Rushing, Chair  
Southwest Horizon School Division
