Open Tuesday and Wednesday

2:00 PM - 7:00 PM

Saturday 10:00 AM - 3:00 PM

Bring in your used oil, filters, jugs, used antifreeze
and containers.

Record your donations with Reuben and be entered
to receive Waskada Eco Centre Merchandise.

Battery Recycling Contest

Drop off your used batteries for a chance to win
Blue Bombers tickets and an authentic team jersey

ENTER NOW

Ni-MH (Nickel Metal Hydride)

Nickel Metal Hydride performs well in high drain devices and can be recharged up to 1,000 times. It's cadmium-free, but can be pricey.

Ni-MH batteries can typically be found in cordless power tools, digital cameras, two-way radios and cordless phones.

Ni-Cd (Nickel Cadmium)

Nickel Cadmium is the least expensive of secondary/rechargeable batteries, and can be recharged up to 1,000 times. Cadmium can be toxic to the environment and should be recycled.

Ni-Cd can typically be found in cordless power tools, digital cameras, two-way radios and cordless phones.

SSLA/Pb (Small Sealed Lead Acid)

Small Sealed Lead Acid (SSLA/Pb) batteries are simple to manufacture and have one of the lowest discharge rates of any rechargeable battery.

SSLA/Pb can typically be found in emergency devices, emergency exit signs, security systems, mobility scooters and UPS back-ups.

Li-Ion (Lithium Ion)

Lithium Ion has excellent performance in high drain devices, though it can be considered expensive.

Li-Ion can typically be found in cell phones, laptops, two-way radios, and cordless power tools.

Primary/Single Use

Primary/Single-Use batteries cannot be recharged and must be disposed of once they wear out. Alkaline, lithium, silver oxide, zinc-air, zinc-carbon, and zinc-chloride, commonly known as AA, AAA, 9V, D-cell, and button cell are all types of primary batteries.

Primary/Single-Use batteries are most commonly used in low-drain devices, such as flashlights, clocks, watches, remote controls, and smoke detectors.

For proper handling, seal batteries in bags or tape terminals, and place in appropriate container (for example, the Call2Recycle collection box).

[Home](#) > [Media](#) > [Quick Facts About Manitoba Provincial Elections](#)

QUICK FACTS ABOUT MANITOBA PROVINCIAL ELECTIONS

- Manitoba has 57 electoral divisions, 32 are in and around Winnipeg. Manitoba's five northern electoral divisions cover almost two-thirds of the province. Electoral divisions may also be called ridings or constituencies.
- There are profiles of all 57 electoral divisions on the website based on information from the Manitoba Bureau of Statistics that include average income, number of households, family structures, types of homes, education and other interesting information.
- Manitoba has six registered parties: Communist Party of Canada – Manitoba (CPC-M); Green Party of Manitoba (GPM); Keystone Party (KP); Manitoba Liberal Party (MLP); The Manitoba Party (MP); New Democratic Party of Manitoba (NDP); and The Progressive Conservative Party of Manitoba (PC).
- Manitoba has eight days of advance voting.
- Manitoba was also the first province where voters could vote anywhere in the province during advance voting. If you're in Brandon for the day, and normally live in Thompson, you can vote in Brandon. Your vote will be recorded in Thompson.
- Technology is playing a bigger role in delivering elections
 - Laptops at the polls: computers make it faster and easier to come in and vote – your name is looked up on the laptop or scanned from your voter information card, and a ballot is issued. A line then goes through the voter's name showing that they have voted.
 - Vote counting machines: these machines read a paper ballot and hold the results until an authorized person prints and loads the results. The machines are not connected to the Internet and provide for quick results versus hand counting.
- The Manitoba Voter Register is a permanent voters list that is maintained on an ongoing basis by Elections Manitoba. There is no full province-wide enumeration, rather targeted efforts to reach out to voters who may not be on the register.
- Ballots list candidates in alphabetical order by last name. Middle initials are allowed, but the use of Dr. or Mr, Miss, Ms or other honorifics is not allowed.
- Manitoba's electoral division boundaries are set by an independent commission who determine boundaries based on population and communities of interest. The boundaries are reviewed every ten years. The last review was in 2018.

HOT LUNCH PROGRAM WASKADA SCHOOL VOLUNTEERS NEEDED

Waskada School offers a hot lunch program to its staff/students every Wednesday starting October 11 until the end of May. The parents of the students are asked to volunteer 2-3 times per school year to work at the hot lunch. However with more parents working full-time jobs it is becoming difficult to have enough help.

We are looking for community members (grandparents, past parents, friends, neighbours, former students) willing to have their name on a list to call upon when extra volunteers are needed.

The food is prepared at the Waskada Community Food Store. Volunteers meet at the store to package the food, deliver it to the school and help serve it (buffet style), minimal cleanup. No dealing with money.

Time required depends on the meal being served
(no earlier than 10:30-approximately 1:00 pm)

Please contact:

**Hot Lunch Coordinator: Sharlene McGregor 673-2344 home
522-6545 cell/text**

Thank you for your help!

Waskada Wee Ones ELC Presents the Annual

NHL TEAM AUCTION AND STEAK FRY

Saturday, October 14, 2023
Waskada Recreational Complex

Happy Hour 5:30
Supper 6:30
Auction 7:30

All poinsettias need to be ordered and prepaid by **Oct 27th** and will be ready for customers to pick them up from the school on **Nov 28th**.

To place your order...

- Contact any student or PAC member of Waskada School
- Contact Allyson at Waskada School - 1-866-422-5117 or
- Contact Nicole McGregor - 204-673-2297

Thank you in advance for your support!

Do You Know?

Waskada has a Public Library

- located in the school
- is a branch of the Bren-Del-Win Centennial Library
- is free to use for all residents of the Municipality of Brenda-Waskada

- the hours currently Monday through Thursday from
3:30 P.M. — 6:00 P.M.

- easy access through the West side door of the school

- we currently have 3 Librarians to help you —one each day the
Library is open: Rory Kehler
Casey Theorien
Oliver Hatt
Ainslee McGregor worked during the summer and
hopes to return next summer

- Waskada Branch is represented at monthly Board Meetings in
Deloraine by three people—Margie Hannah, Jackie Reid, and one
Brenda-Waskada Council member

- the Waskada Library has a large selection of books — many of
which are Large Print for easier reading

- the Waskada Branch receives new selections on a regular basis —
usually 15 or more books when we attend the Board Meetings

Waskada United Church

Welcome to our Fall Services!
Join us at **11:00am** Sunday mornings.

Please Join us for **Coffee 'N More** on Tuesdays in the Church kitchen at 9:30am. Join in person or on Zoom 844-5176-8589. Hope to see you there!

Come on out for some fun! **BINGO** on Thursdays in October at the Waskada United Church. Doors open at 10:00am and BINGO begins at 10:30am. \$5.00 a card. Limit 2 cards. Bring something for potluck lunch or bring your own bag lunch. Come play or visit over lunch!

October 1st – World Wide Communion Service

October 29th – All Saints/All Souls Service

Contact information for Heather Sandilands is 204-634-2276 or 204-264-0933 for text and voice (depending on cell service) @Heather Sandilands for Messenger, Cstonepc@gmail.com

Next Church Board Meeting is October 11th 9:00 am on Zoom.

Board Chairperson – Sharlene McGregor

Treasurer – Janis Williams

Secretary – Leslie McKinney

Board Members – Coral Meggison, Linda McGregor, Karen McGregor, Margie Hannah, Gary Williams

Trustees – Don Temple and Bob Radcliffe

Deloraine & Area Food Cupboard

October is Waskada and Area's month to collect items for the Deloraine & Area Food Cupboard

Donations of **non-perishable** food items and **personal hygiene products** are greatly appreciated.

- Please no damaged packaging or expired products
- Examples of food items: juice, cereal, pasta, canned vegetables, peanut butter, jam, canned soup, coffee, packages of pudding & jello, hamburger helper
- Examples of hygiene products: laundry detergent, toilet paper, tooth paste, shampoo & conditioner, soap
- Collection boxes will be set up at the Waskada Community Food Store and the Waskada United Church

In 2020, we did a monetary donation drive and raised \$900 which we kept separate in our account. Over the past three years, the Deloraine Food Cupboard Rep contacts our Waskada Rep with specific items they require and we purchase the items from our local Waskada Community Food Store. It is a win/win for everyone helping others and supporting local. These funds are nearly depleted and this works really well for everyone so please consider a monetary donation.

If you would like to make a donation, please mail cheque to:

Waskada United Church

Box 35

Waskada, MB R0M 2E0

Or e-transfer to waskadaunitedchurchtres@gmail.com

Please indicate that it is a donation for the food bank on cheque or e-transfer.

If you have any questions, please contact Sharlene McGregor, Waskada United Church Food Cupboard Rep (call/text: 204-522-6545)

Thursdays in October
5,12, 19 & 26

Waskada
United Church Annex

Doors open at 10
Bingo begins 10:30

\$5 a card
limit 2 cards

Bring something for the
potluck lunch or
your bag lunch!

Come play or just visit over lunch!

Healthcare Solutions

AGE FRIENDLY Manitoba

Mission: To facilitate healthy aging by providing leadership and encouraging collaboration in creating age-friendly places (communities) that optimize the ability of all older Manitobans to do the things they feel are important.

Volume 31- SEPT 2023

Age Friendly Communities Are Better

Celebrate October As Seniors' Month With Commitment To Age Friendly Initiative

There are some places in the world where people live extraordinarily long lives. They've come to be known as "Blue Zones" and one of the most important aspects of these places is how they treat their elderly. Sadly, none of them exist in Manitoba.

Blue Zones are in the news these days because of a Netflix documentary series (Live to 100: Secrets of the Blue Zones) examining what makes them different. It begs the question: why do people who live in these places have such higher life expectancies?

Many of the principles that have made Blue Zones so remarkable are very similar to many of the commitments behind the Age Friendly Manitoba initiative. More than 90 Manitoba municipalities have already committed to becoming Age Friendly, and we're here to challenge them to do more to improve this score.

Age Friendly communities are simply better places to live. They offer environments where physical, economic and social barriers are removed and policies, systems, services products and technologies are implemented to create better places to grow old.

It means promoting healthy, active lifestyles and diets. It means building active transportation paths. It means promoting better food and nutrition. It means not putting our elderly out to pasture, but to embrace them and ensure they remain a vital part of our society.

Today we still have too many people who seem to prefer institutionalizing older adults instead of giving them ways to age in place, surrounded by friends, family and familiar activities. These practices have been shown to limit people's life expectancies.

Calling All Manitoba Municipalities

October 1 is recognized by the United Nations as the International Day of Older Persons, and the Province of Manitoba has declared October to be Seniors' Month. We think it's the perfect time for Manitoba municipalities to stand up and recommit to becoming Age Friendly.

Has there ever been a clearer core purpose for local governments than for them to foster places where we can all grow as old as possible; where we can lead healthier, happier, more fulfilling lives together.

There are so many benefits that come from being an Age Friendly community. Aside from the most obvious benefit of living longer, it also means living in a friendly, supportive community. That leads to fewer hospital stays, less chronic illness and much lower healthcare costs.

Let's do this. Call your Mayor, Reeve and Councillors and ask them to recommit your community to being a more Age Friendly one. And maybe, just maybe, we can one day boast of all of Manitoba being a Blue Zone of longevity.

HEALTHY, ACTIVE AGING

As we Celebrate the 20th Anniversary of Active Aging Week – Oct 2 – 8, 2023, it is never too late to get active!

The WHO (World Health Organization) states that the greatest health risk for older adults is being physically inactive.

It is important to engage in an active lifestyle at any age. Choosing appropriate physical activity can provide opportunities to stay connected and improve one's health status. Consider the following benefits of regular physical activity:

- Reduce the risk of developing cardiovascular disease, including the risk of stroke,
- Help to reduce blood pressure.
- Help prevent osteoporosis.
- Reduce the risk of developing and help to manage Type II Diabetes.
- Regular activity can help manage Parkinson's disease and arthritis.
- Leading an active lifestyle can also help reduce the risk of developing several cancers including breast and colon cancer.
- Improve mobility and balance which will help to prevent falls.
- Leading an active lifestyle can provide opportunities to stay connected, improve competence and confidence and gain a sense of belonging.
- Help maintain one's independence and the ability to stay in one's home as they age. Leading a sedentary lifestyle may take away the option of controlling where one lives as they age.
- Stay socially connected and engaged by participating in a group physical activity.

- Improve cognition and brain health. Going for a walk outdoors boosts our mental wellness as we take in the various sights, and smells of our surroundings.

- Help to reduce stress. Going for a walk for an example has been shown to help reduce stress.

Sit Less – Move More! Sitting for long periods of time is equivalent to smoking 15 cigarettes per day! The recommendations are to get up and move at least once per hour.

*Anyone who has been sedentary or experiencing recent change in their health status should consult with their health care provider before starting out on any physical activity program

Physical Activity that is age appropriate can include walking, Tai Chi, Yoga, exercise classes, hiking, cycling, gardening, snowshoeing, golf, curling, etc.

How much do I need to move to gain the health benefits?

- The Canadian Guidelines, ages 65+, recommend 150 mins. of activity per week or 30 mins. over 5 days.
- Weekly activity should include strength training 2 – 3 times per week.
- Activity should include flexibility, and balance exercises.

Check out the Active Aging in Manitoba website. www.activeagingmb.ca for a Guide to planning activities for Active Aging Week! Get Engaged and Celebrate the older adults in your community and all they have contributed and how they continue to contribute!
