Smoke Alarms at Home

SMOKE ALARMS ARE A KEY PART of a home fire escape plan. When there is a fire, smoke spreads fast. Working smoke alarms give you early warning so you can get outside quickly.

SAFETY TIPS

- Install smoke alarms in every bedroom. They should also be outside each sleeping area and on every level of the home. Install alarms in the basement.
- Large homes may need extra smoke alarms.
- It is best to use interconnected smoke alarms. When one smoke alarm sounds, they all sound.
- Test all smoke alarms at least once a month. Press the test button to be sure the alarm is working.
- Current alarms on the market employ different types of technology including multi-sensing, which could include smoke and carbon monoxide combined.
- Today's smoke alarms will be more technologically advanced to respond to a multitude of fire conditions, yet mitigate false alarms.
- A smoke alarm should be on the ceiling or high on a wall. Keep smoke alarms away from the kitchen to reduce false alarms. They should be at least 10 feet (3 meters) from the stove.
- People who are hard-of-hearing or deaf can use special alarms. These alarms have strobe lights and bed shakers.
- Replace all smoke alarms when they are 10 years old.

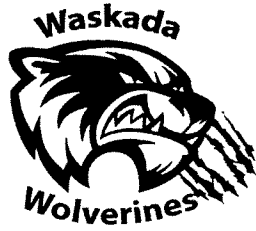

FACTS

- ❗ A closed door may slow the spread of smoke, heat, and fire.
- ❗ Smoke alarms should be installed inside every sleeping room, outside each separate sleeping area, and on every level. Smoke alarms should be connected so when one sounds, they all sound. Most homes do not have this level of protection.
- ❗ Roughly 3 out of 5 fire deaths happen in homes with no smoke alarms or no working smoke alarms.

Goodlands 4-H Variety Club News Report

This year in 2024, the Goodlands 4-H club held their first meeting of the New Year on January 14th at Blake and Teresa Nestibo's. Due to the frigid temperatures, we decided to move to an indoor location instead of the previously planned outdoor fun at the Bottineau Winter Park. Before we began the meeting, we had club bonding while playing card games. A highlight of the meeting was the decision to order club hoodies. Our next meeting was scheduled for Feb. 10 at the Goodlands Rink.

We had 4-H communications at the Goodlands Hall on Saturday, January 27th at 7:30 pm. The following speeches were given: Being A Lefty (Ainslee McGregor), Let Me Give You Some Advice (Dylan Radcliffe), The Lottery (Juliana Nestibo), Shipwrecks On The Great Lakes (Malcom Morningstar). There was one visual presentation titled Stereotypes And The Media presented by Sarah Meggison. All members were eligible to go on to Zone Communications in Deloraine on Feb. 13. Thank you to our honorable judges, Doug Vanhove, Jan Gervin, and Christina Olson.

Unfortunately, the Feb. 10 meeting, along with the scheduled Croqu-o-curl activity at the Goodlands Rink, were cancelled and changed to a Zoom meeting because of the weather. During the meeting, we practised using various fun and practical zoom functions.

On Sunday, March 10th at 6:30 pm we started our evening off at the Goodlands Hall, enjoying a delicious ice cream sundae bar. Each member brought a tasty topping for the sundaes. What a great way to start a meeting! Each member discussed how their projects were coming along. We decided on an Achievement date of Monday, May 6th at the Goodland's Hall, 5:00pm. We will set up and have potluck supper. The public will be welcome to arrive at 6:30 to look at the projects and enjoy the program. Our next meeting is scheduled for Wednesday, April 17. We will be working on our club scrapbook.

Juliana Nestibo

Goodlands 4-H Variety Club will be participating in the 36th Annual 4-H Highway Cleanup Campaign, sponsored by Manitoba Transportation and Infrastructure and Manitoba 4-H Council.

We would like to invite former 4-H members and community members to join us on May 25 as we clean the ditches starting at Goodlands and working towards Waskada. How far we get depends on how many people show up. Our club is small this year but we still want to do our part to help clean-up our neighborhood and would love for you to join us!

DATE: May 25, 2024 (Rain date: June 1)

TIME: 9:00 AM – Noon (or as long as you can stay)

LOCATION: Meet at the Goodlands hall

Bring a water bottle, bug spray, sunscreen and wear appropriate footwear & clothing (gloves)

High visibility vests for everyone to wear and garbage bags will be supplied

Inflation and rising costs are making it harder for Manitoba families to make ends meet.

That's why the Manitoba government has introduced 21 new ways for families to save money, including a 50 per cent rebate on school taxes applied directly to their property tax notice. It's a way to help families get a little further ahead with their mortgage, their grocery bill or saving for retirement.

How the rebate works

Residential and farm properties

This year, residential property owners are receiving a 50 per cent rebate on school taxes for 2024 which is applied directly to their property tax notice.

Farm property owners are receiving a 50 per cent rebate of school taxes for 2024 applied directly to their property tax notice.

Other property owners will receive a 10 per cent rebate of the total school division special levy and education support levy for 2024 applied to their property tax notice.
